PRESS KIT

Biography

When people hear Scott sing they use words like classic, passionate, and gifted to describe the experience. A Scott Wilcox performance is a roller coaster of emotional and guttural bluesy Americana.

Scott has produced four albums and written over 200 songs. He uses multiple instruments to paint his albums like a muslin canvas. Scott has appeared on the Oprah Winfrey Lifeclass Show, won the famed Bob Dylan Song Competition twice and appeared live on national TV and radio. Meet the Songwriter Oprah called a gift.
